2.2.1. Any Additional Information.

Slow learners are whose achievement scores are significantly below average. The ability of each student to deal with pharmacy courses is different. So, to assesses student performance, institute identifies as slow learner as well as advanced learner based on the following points:

- Teachers interact with one or group of students during daily lecture and laboratory hours.
- Conducting tutorial classes/ remedial lectures for slow learner
- The academic performance of every student continuously monitored by the teacher.
- Students' performance in the class test, Sessional exam and viva-voce were evaluated by teachers.

The college response to learning needs of slow learner by:

- Batch guardian teacher counseling the students for how to improve their performance.
- Arranging tutorial classes for slow learners as per their needs.
- Providing course material and the question bank to the students.
- Classes are conducted on LCD projector for better understanding.

The advances learners are motivated by:

- Providing books by book bank facility.
- Distribution of trophies and medals to the top rankers.
- The training and placement cell of institute gives guidance on career option.
- Conducting test series for GPAT examination.
- Motivational lectures and seminars provided for better performance.
