Examination Pattern

All the examinations of the Degree Courses are conducted Semester Pattern. For B. Pharm (CBSE) with effective from 2017 as per PCI regulation and B Pharm (CBS) course.25% marks are reserved for internal Sessional examination and 75% marks for the university examination; Unique examination system, for evaluation purposes, the college has developed a model examination system characterized by confidentiality, impartiality, accuracy, and speed its silent features are as follows:

For each subject, TWO sets of question papers covering the 80% syllabus are set from which only one set is selected by institutional Examination Committee for conducting examinations. While the other set is retained in safe custody.

The confidential center-wise mechanism has been evolved to print and used examinations related materials and collect the same for safe custody,

In the internal examination, we provide 8 pages for the main paper and provide supplements if required. At the examination center, Invigilator should confirm all the entries on the front page of the answer book and seat number (roll number) subject name, a semester of the candidates. Instruction for a candidate and invigilator are displayed outside the exam department on the notice board. After the examination the answer books are collected at the examination department. Answer books of different divisions are prepared and the bundles are kept ready for assessment. After evaluation the comparative marks statements of each division are displayed on the notice board. This method is helpful for more transparency in the exam and reduces the chances of malpractices at different levels.
